

COMMUNITY CODE OF CONDUCT

The St Eugene College community acknowledges Parents and Caregivers as the primary educator of children and together in partnership, strive to provide a positive learning environment for all.

Supported by our College Values and restorative principles, we believe that good communication keeps the relationship between school and home constructive and child centred. St Eugene staff are committed to Brisbane Catholic Education's Code of Conduct. We believe the St Eugene College Community Code of Conduct makes clear the expectations, rights and responsibilities of our parents and caregivers (and all who visit our College).
